

# Morangup Road Contaminated Sites

## Project

Morangup Road Contaminated Sites

## Client/EPCM

WA Land Authority (Landcorp)

## Value

\$881,000

## Description

This contract involved the remediation of contaminated sites on three properties (approximately 30 hectares) of the western side of Morangup Road Toodyay – where wood-tar wastes from the Wundowie charcoal iron and steel industry were dumped from the mid 1960's to the mid 1970's.

The works involved:

- The complete removal of visibly contaminated soil and replacement with clean soil
- The removal of the upper 0.25m of soil across the three sites and the capping/sealing of caprock areas
- The remedial works had a minimal impact on the local community.

## Location

Morangup is located approximately 61km north-east of Perth, Western Australia.
