

Barrow Island Projects

Construction - Greenfields Infrastructure

Project

Rehabilitation and Maintenance of Facilities at Barrow Island

Client/EPCM

Chevron Australia

Value

\$17,221,000

Description

The series of projects undertaken by Ertech involved rehabilitation and maintenance of facilities such as:

- Lease pads
- Access roads
- Airport runway on Barrow Island.

Barrow Island is a Class A Reserve with quarantine and environmental consideration for all work done on the island.

This also leads to extensive management systems required for all work from mobilisation to demobilisation.

Location

Barrow Island is located approximately 60km north west of Onslow, Western Australia.

"...getting it right and on time"
