

Healesville Golf Course

Construction - Golf Course

Project

Healesville Golf Course

Client/EPCM

RACV / Michael Clayton Golf Design

Value

\$8,000,000

Description

Redevelopment of existing 18 hole golf course and construction of new 4 hole short course in the Yarra Valley, Victoria.

The construction program had to be staged so that a minimum of 9 holes were open for play during the entire project.

Scope of works:

- Selective Clearing as directed
- Bulk earthworks and fine shaping
- Construction of greens, tees and bunkers
- Major drainage
- Minor subsoil drainage
- Irrigation and pumping system installation
- Grassing using seeded hydromulch to all areas
- Establishment of grass up to handover stage on short course only
- Construction of timber bridges
- Exposed aggregate cart paths

Location

The Yarra Valley is located approximately 40km east of Melbourne in Victoria.
